Java Developer | Spring Boot | Microservices | REST APIs

**Java Developer with 3.5+ years** of experience building scalable banking and financial applications using **Java, Spring Boot, Microservices, and REST APIs**. Proficient in **SQL optimization, API security, and unit testing (JUnit, Mockito)**. Reduced API response times by **30% through optimized queries and caching strategies**. Effective in **Agile environments**, collaborating with cross-functional teams to deliver robust, maintainable backend solutions.

### ◆ Core Expertise

- Backend Development: **Java 8+, Spring Boot, Spring MVC, RESTful APIs**
- Architecture: **Microservices, Monolithic to Modular Migration**
- Databases: **MySQL, PostgreSQL** (Query Optimization, Data Modeling)
- Frontend Integration: **React.js (Intermediate), API Integration (REST/SOAP)**
- DevOps & Tools: **AWS (Basic), Git, CI/CD, (Jenkins) Jira, Docker, Kubernetes, Apache Tomcat**
- Testing: **JUnit, Mockito**
- Agile Practices: **Scrum, SDLC, Code Reviews, Debugging**

### ◆ Professional Experience

**Software Engineer at Cognizant Technology Solutions** (Jan 2022 – Present)

- Developed **Java-based web applications** using Spring Boot, enhancing scalability and performance.
- Built **REST APIs** for seamless frontend-backend communication in banking and financial projects.
- Contributed to **microservices architecture**, reducing system coupling and improving deployment efficiency.
- Optimized **SQL queries** and database structures for high-traffic applications.
- Collaborated in **Agile teams**, ensuring timely delivery via Jira sprint planning.

### ◆ Key Projects

1. **Customer Data Management Platform** (Banking Domain)
  - Designed secure **REST APIs** for customer onboarding/profile management using **Spring Boot**.
  - Integrated third-party APIs for KYC/data validation, ensuring compliance.
2. **Loan Eligibility System** (BrightFin Credit Services, USA)
  - Automated loan workflows with **Spring MVC**, reducing processing time by 30%.
  - Integrated credit score APIs and implemented **role-based security**.

### ◆ *Education*

- **MCA** (KBC NMU Jalgaon) | 2022 | 72.88%
- **BCA** (KBC NMU Jalgaon) | 2020 | 69.82%

### ◆ *Let's Connect!*

Open to discussions on **Java development, API design, and backend optimization.**
